This class will provide skills to citizens in the community to perform essential lifesaving functions while waiting for professional responders to arrive following a disaster. CERT has become a highly sought course in the northeast following disasters like Hurricane's Irene and Sandy and Blizzard Nemo. This course will provide you with the knowledge and skills to assist your family and neighbors following a disaster. This course will also certify you in order to become a member of your local hometown CERT team. Course topics include fire safety / suppression, CPR, First Aid, search and rescue, disaster psychology, triage, disaster preparedness and team organization.

TRAINING IS OFFERED FREE OF CHARGE

Location of training: Charlestown Police Headquarters, 4901 Old Post Road
